Check out the [Canon iR 2270 Brochure](#) to see more great features!

Complete all your documents in-house through the device's range of finishing options. For easy document collation, use Canon's intelligent iW Publishing Manager software to merge and collate documents electronically from different Windows applications (Microsoft Word, Excel, etc). So everything is printed as it should be without manual labour or intervention.

Call 615-373-4436 or email customercare@copierextravaganza.com and let us show you how the Canon imagerunner 2270 can make your office more efficient.
